

**TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE**

FISCAL NOTE

HB 2101 - SB 2146

March 6, 2009

SUMMARY OF BILL: Permits state employees to obtain additional employment so long as the additional employment does not interfere with their state employment schedule.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures – Not Significant

Assumptions:

- According to the Department of Human Resources, current law requires disclosure of potential conflict of interest by the state employee if the state employee, or a family member has a financial interest of \$5,000 or more in a company attempting to conduct business with the state. In addition, employees who regulate, inspect, audit, procure goods or services and administer tax laws have to disclose any potential conflict of interest. These requirements could possibly result in an increase in conflict of interest disclosures to be processed by the state.
- Any cost associated with the increase in conflict of interest disclosure can be accommodated within existing resources without an increased appropriation or reduced reversion.
